

HOST A LAMAZE® SPECIALITY WORKSHOP

Become a Leader in Innovative, Evidence-Based, Professional Education Opportunities

Lamaze International is committed to sharing the knowledge and skills essential to the success of today's maternal-child health professionals by offering specialized continuing education workshops on topics such as labor support skills, teen programs, breastfeeding, teaching strategies and current research.

The curriculum for each Lamaze specialty workshop is updated regularly to ensure participants receive the most timely and accurate information in an interactive, learning-friendly atmosphere.

You can feel confident in the quality and evidence-based research that comprises the foundation of a Lamaze workshop. As an approved provider of continuing education in nursing by the Virginia Nurses Association and California Board of Nursing, Lamaze offers workshops that provide contact hours and are recognized by appropriate professional agencies.

Benefits of Hosting a Lamaze Workshop

- Grow your visibility and credibility with professionals and families who value a holistic approach to health care.
- Enhance your reputation and attract recognition for offering high-quality training programs that advance normal birth.
- Promote practices that support normal, natural births that will give mothers and their babies a positive total birth experience.

How It Works

Workshop hosts partner with Lamaze International to provide dynamic, practical education to maternal-child health professionals in their community. Lamaze supports the host every step of the way by:

- Providing a Lamaze Certified Childbirth Educator to lead the workshop as well as supplying workshop materials
- Assisting the host with local promotion
- Securing contact hours for participants

Let's Begin

The Lamaze team looks forward to partnering with you to plan and promote a successful, engaging workshop. For more detailed information or to schedule a workshop in your community, please contact us at 800-368-4404, e-mail workshops@lamaze.org or visit us on the Web at www.lamaze.org.
