Certification by Lamaze International

Become a Lamaze Certified Childbirth Educator (LCCE)!

The LCCE credential assures women and their families that you have achieved a standard level of knowledge and skill. The LCCE Program is the only internationally recognized childbirth educator program accredited by the National Commission for Certifying Agencies (NCCA). NCCA is the nation's leader in setting quality standards for credentialing organizations. NCCA also accredits the certification program of The International Board of Lactation Consultant Examiners (IBCLC).

Lamaze Certification is achieved by passing the Lamaze International Certification Exam, which is offered twice a year. In order to sit for the certification exam, you must meet the eligibility requirements.

For those who are new to childbirth education, attending this Seminar and self-study from the *Lamaze Learning Guide* (purchased separately from Lamaze International) will satisfy eligibility requirements to sit for the Lamaze Exam.

For experienced childbirth educators, midwives, and midwifery students, attending this Seminar will satisfy eligibility requirements to sit for the exam.

Learn more about Lamaze certification, including other options for eligibility to sit for the Lamaze Exam at: www.lamazeinternational.org/ExploreLamazeCertification.
